Our Monthly Club Meeting will be held, Thursday June 16, 2022 at 7pm. We will be meeting at our new club house at 205 Downeymeade Drive Nashville TN 37214.

Announcement:

As many of you already know, the old club house at Lock Two Park suffered water damage from a water line break several years ago. The damage was extensive and the Metro Parks Board did not have the budget to repair the damage.

Through tireless work between club president Monvel Maskew K9FQ and the Metro Parks Board the Metro Parks Board offered us a new location at 205 Downeymeade Drive Nashville, TN 37214. The new location is an actual home with 3 bedrooms, 2 baths, a full kitchen, living room and a full basement, The house also has a 2 car garage.

We will be moving the remaining items still at Lock Two Park on Saturday June 4, 2022 beginning at 8 am. We need volunteers to help carry things out of the building, disinfect the items and load it onto trucks, trailers or vehicles. We also will need volunteers that have a pickup truck or a trailer that you can bring to help transport the items to the new club house. The new club house is only 8.6 miles from the old club house. If you would like to volunteer to help move, please sign up at this link:

<https://form.jotform.com/221437297729163>

There are also a few photos of the new club house at <http://www.nashvilleamateurradio.club>

For questions contact Monvel K9FQ at k9fq.mm@gmail.com

Some New Rules Going into Effect this Year for ARRL Field Day

After taking a few detours over the past couple of years due to the COVID-19 pandemic, **ARRL Field Day** rules are being updated on a permanent basis starting this summer. ARRL conducted a Field Day community survey with invitations propagated far and wide, and direct emails sent to more than 15,000 individuals and ARRL-affiliated clubs. After sorting through, reviewing, and discussing the survey results, the

ARRL Programs and Services Committee recommended a number of rule changes for ARRL Field Day, which will take place this year over the June 25 – 26 weekend. Starting this year, the maximum PEP output for a transmitter used by anyone submitting a Field Day log will be 100 W. The power multiplier of 2 will remain in place, and the high-power category will be removed from the rules. Until this year, the maximum low-power limit had been 150 W for most ARRL-sponsored operating events. The power multiplier will remain at 5 for QRP participants running a maximum of 5 W or less. As previously announced, 100 W is now the low-power category limit for all ARRL and IARU HF Contests, effective January 1, 2022.

A couple of changes instituted initially as accommodations for the COVID-19 pandemic will remain. Class D (Home) stations will continue to be able to earn points for contacts with other Class D stations. The club aggregate scoring change initiated in 2020 as a temporary measure will become part of the permanent rules. In the aggregate scoring plan, the scores of individual stations are combined under the score of a single club.

Another change, involving Rule 7.3.2 Media Publicity, has been modified. Rules to date have offered 100 bonus points for attempting to obtain publicity and demonstrating same. With the ease of posting via Facebook, Twitter, Instagram, and various other media websites, Field Day participants will now be required to obtain publicity, not just try to do so. Any combination of bona fide media hits would qualify for the bonus points. For example, posting the details of your upcoming or ongoing Field Day activity, or your Field Day results, on a club or news media site, on Facebook, or via Twitter and Instagram would meet the bonus criteria. Photos and videos are encouraged as part of media posts.
